Beers on Tap

Lights

Golden Nugget Cream Ale – This, our lightest ale, is fermented with an ale yeast at lager temperatures to produce a smooth brew. Balanced with Munich Malts and featuring Vanguard Hops: a new hop released in 1998 that carries a spicy aroma usually used in lagers. Alcohol by Volume – 4.3%

Liquid Sunshine™ Blonde Ale – features a goodly dose of Crystal Hops which lend their grapefruit-like flavor and aroma. Brewed with Barley, Wheat, and Rye for a dry multigrain complexity. A very refreshing Brewer's favorite. Alcohol by Volume – 5.0%

Heff-a's – weizen – A 50/50 blend of wheat and barley malts fermented with an authentic Bavarian Weizen yeast for traditional banana and clove-like dryness. Hopped with just enough German-style hops to balance the malt and served unfiltered. Alcohol by Volume – 5.4%

Mediums

Hoppy Face™ Amber Ale – Our flagship brew is a big amber ale, much like the first IPA's from the dawn of the industrial revolution. A blend of Caramel Malts give this beer a rich yet highly drinkable body, and heavy-handed additions of Nugget, Cascade, and Liberty hops protect this beer for the long cruise to India. Alcohol by Volume – 6.1%

Darks

Stony Face™ Red Ale – Hoppy's gift to those who like their beers Malty. Dark Caramel and Chocolate Malts lend their deep crimson silkiness, and judicious additions of Nugget and Cascade hops give just enough bitterness for balance. Ask your server's favorite beer and it's probably this one. Alcohol by Volume – 5.6%

Burnt Sienna Ale – Brewed with Pale, Caramel and Smoked malts with a hint of roasted barley. Hopped and re-hopped and hopped again with Columbus, Glacier, and Willamette hops. Alcohol by Volume – 6.9%

Total Eclipse™ Black Ale – robust as a moon that dares cross the sun, this porter-like brew features Chocolate and Black Malts for a dark-roasted coffee-like flavor. Hopped with a-shade-more-than-typical additions of Nugget and Columbus Hops for an assertive yet still pleasant bitterness. Served with mixed gas. Alcohol by Volume - 5.6%
