

Tasty Hoppy Beverages...

Lights

- Golden Nugget Cream Ale** This, our lightest ale, is "cold" fermented with an ale yeast at lager temperatures to produce a smooth and tasty brew. Balanced with Munich Malts and featuring Vanguard Hops: a hop released in 1998 that carries a spicy aroma usually used in lagers. *Alcohol by Volume – 4.3% IBU -17*
- Liquid Sunshine™ Blonde Ale** Features a goodly dose of Crystal Hops that lend their grapefruit-like flavor and aroma. Brewed with Barley, Wheat, and Rye for a dry multigrain complexity. A very refreshing Brewer's favorite. *Alcohol by Volume – 5.0% IBU - 48*
- Heff-a's-weizen** A 50/50 blend of wheat & barley malts fermented with an authentic Bavarian Weizen yeast for traditional banana and clove-like dryness. Hopped with just enough German-style hops to balance the malt and served unfiltered. *Alcohol by Volume – 5.4% IBU - 20*

Mediums

- Hoppy Face™ Amber Ale** Our flagship brew is a big amber ale, much like the first IPA's from the dawn of the industrial revolution. A blend of Caramel Malts give this beer a rich yet highly drinkable body, and heavy-handed additions of Nugget, Cascade, and Liberty hops protect this beer for the long cruise to India. *Alcohol by Volume – 6.1% IBU - 65*
- Burnt Sienna Ale** Brewed with Pale, Caramel and Smoked malts with a hint of roasted barley. Hopped and re-hopped and hopped again with Columbus, Glacier, and Willamette hops. Served with mixed gas. *Alcohol by Volume – 6.9% IBU - 60*

Darks

- Stony Face™ Red Ale** Hoppy's gift to those who like their beers Malty. Dark Chocolate and Caramel Malts lend their deep crimson silkiness, and judicious additions of Nugget & Cascade hops give just enough bitterness for balance. Ask your server's favorite beer and it's probably this one. *Alcohol by Volume – 5.6% IBU - 30*
- Total Eclipse™ Black Ale** Robust as a moon that dares cross the sun, this porter-like brew features Chocolate and Black Malts for a dark-roasted coffee-like flavor. Hopped with a-shade-more-than-typical additions of Nugget & Columbus Hops for an assertive, yet still pleasant bitterness. Served with mixed gas. *Alcohol by Volume - 5.6% IBU - 48*

Brewer Specials

- Brewer's Specialties** We feature "two" Specialty Brews almost monthly in addition to our regular beer menu above. Please see your server/bartender for details and descriptions of our current specialty beers.

Sampler

Approximately three ounce tastes of each of the above beers (*yes...all of them*).
\$6.75

Remember to ask your server about one of our "award-winning" bottled beers to take home with you...
